

Mount Olive Evangelical Free Church

- Purpose:** The purpose of this Church shall be to glorify God
- Mission:** To see people become devoted followers of Jesus
- Vision:** To be a real and authentic church for all people
- Values:** Inspiring Hope, Experiencing Transformation, Celebrating God
- Model -** Relational Discipleship

Preamble

When we look at what influences people to become devoted to Jesus and worship God rather than themselves we find five major themes.

- a. Intentional Relationships
- b. Life Circumstances
- c. Personal Disciplines
- d. Individual Ministry/Serving
- e. Teaching

All of the above will result in growth, a working faith, and worship of God.

Mount Olive has a team working philosophy. The elders work with the Lead Pastor to establish direction for the body. The Lead Pastor works with the staff team to carry out the direction established. Individual staff have responsibility for their area as described in their job description; however, the specific jobs exist to serve the whole body of the church. This means one may need to work outside of their area at times to facilitate the needs of the whole. The intention of this position description is that this individual focuses on the areas outlined.
