

ANNUAL REPORTS 2019

VICE-CHAIRMAN OF THE BOARD OF ELDERS

Reflecting on the last year we have had many changes. One key thought continues to impress my thoughts. The body of Mount Olive truly is growing into an identity as stated in our vision statement. To be (continuing to become) a real authentic church for ALL people. As we continue to reach out and live out the example of the love of Jesus into the community his kingdom is growing! I see us becoming more humble, welcoming and growing active in our faith.

As a board we are transitioning from Elders with portfolios, handing day to day operations and functions of Mount Olive, over to more staff and the MLT (Ministry Leadership Teams). This is a work in progress that also gives more and more individuals opportunity for growth and ministry opportunities. The board is taking more of a 10,000-foot view on how we function as a part of the body of Christ. More focus on long term planning, strategic growth and how Holy Spirit is leading this, what was at one time a small little church started out of town by some local farmers. We continue to be challenged on what the future looks like, how to prepare and adapt to the needs of our community and congregation, be it through programs like Freedom Session, Maps, VBS, Life Groups, Men's Groups, Women's groups, Guardians of Grace, Coffee House, Recovery, Marriage Retreats and so on. At the end of it all I believe we are growing because we are intentionally pressing into creating an environment of being a safe place for all people. The "business" of the church is changing but the focus stays the same, our purpose to glorify God. Our Mission to see people become devoted followers of Jesus. How we do this is through relational discipleship.

We as a board are so grateful for the leadership that has risen to the challenge to pour into others in big and small ways. We need more of you, God needs more of you as we continue to grow... Pray for us, we need it desperately.

Your board representatives are here to represent you! Please reach out to us with your comments and ideas. Your time, treasure and talents are a precious gift to the Father, consider how he might use you.

"Father, we ask you to grant that your word will take root in our hearts and lives. May we be not merely hearers of your word but doers also. Keep us Holy Spirit from deceiving ourselves and going away from here having heard your truths but unwilling to do them. Grant to us that we may begin at whatever level we find ourselves, whether we be young or old, in school, at home, at work or wherever we are. Make us ready to test and trust your promises, to step out on your mighty truths, and discover with the Apostle Paul the joy that floods the heart of someone who experiences Christ as a living Lord, and the one who can help us to live a daily adventure of new discovery with him."

Chris Lowen

LEAD PASTOR

To See People Become Devoted Followers of Jesus. This is our Mission, our goal, our direction, why we do all we do. To bring people into a relationship with Jesus who in turn see others brought into a relationship with Him.

2019 was a fantastic year for me personally, in my family, and in our ministry as a church. God continues to stretch us and grow us and expand our influence and ministry in Kneehill County.

I am very grateful for the Church God has allowed me to serve with. I really do see this as a partnership in ministry with all of you. The way I see it is, you are all doing ministry in your daily lives (homes, marriages, families, work places, schools, extra-curricular activities), and I have the privilege of joining you all in your ministry and encouraging you.

This past fall as a staff we were talking about ministry, volunteering, outreach and so on when Andrew Fletcher mentioned, “We have our people exactly where we want them.” Each of us perfectly placed throughout our town and county to be used by God in joining Him to build His Kingdom.

I really believe that God has called everyone of you, and has placed you where you are, for a very specific reason. You get to be the unique light of Jesus, the hands and feet of Jesus to the unique and specific place God has you right now. No one can do exactly what you can with the influence you have, the gifting’s you have, in the place you are at right now. You are the light of the world. God has prepared, in advance, the good works he wants you to do. I am so excited and privileged to join you in this mission and ministry.

2019 saw us continue to expand as we have grown numerically. We also expanded our staff by bringing on Andrew Fletcher in our communications and technology role. We have expanded our influence and outreach as well. Helping with a few youth activities this fall, I met kids from Acme and Carbon. Our reach is far beyond Three Hills. We have also expanded to reach into the community with a larger presence as a place to find help with addictions and struggles. This is so neat.

LEAD PASTOR, CONT'D

Obviously this year we lost Ang Johnston, who had been with us for nearly 9 years as our Children's director. This is a big loss, but we know God will lead us to another great person to lead this significant ministry.

Oh, and of course, I can't forget the major interior facelift our church building received this last fall. Lots of people did lots of work, and it looks great.

Looking forward, we are looking to hire a Children's ministry, a full time worship Pastor, taking Wayne moving into a focus solely on Recovery ministry. We are in the process of a strategic plan to look at how we can move forward with the growing numbers, making space. Whether that is expanding our building, renovating, looking at satellite churches, more land purchases or expanding into more ministry opportunities in towns and communities around us, this still needs to be figured out and discerned. Please pray with us, it is an exciting time, and a bit scary, but we can be confident it is God's church, he is invested in our county and world much more than we are, and his kingdom IS expanding.

God has placed you here, us all together, exactly where we are, on purpose and with a purpose. He has gifted you, and given you the great privilege of being the light of the world right where you are, may we all, as a church, walk in that purpose, in step with God's Spirit and his leading.

Alvin

COMMUNITY LIFE PASTOR

God is at work in Three Hills! This creates wonderful opportunities to follow Him but also many challenges as we take enemy territory for the Lord's name sake.

Intentional Relationships: Making Room - Our desire is to see every person who comes to Mount Olive connected to a small group of people who care for one another. An open door staring us in the face in the growing number of individuals that we have the awesome privilege of walking alongside after going through rehab. How will we incorporate them into the faith community? Our homes? How will we create community that is relevant and effective to help them (and us) walk in freedom? This is an area that we as a church need to take seriously as we strategize how to create community that encourages people to become devoted followers of Jesus.

Freedom Session - This is the third year for "Freedom Session" at Mt. Olive. This is a healing discipleship program designed to provide a safe place for people to work through current or past struggles or events that happened in their lives and continue to hold them back today from true freedom in Christ. I would encourage all of us to go through this program at least once! Currently there are over sixty people journeying through the program together – I am encouraged to see how God is working in many lives.

Deacon Care Team - I am so thankful for Roger and Bev McIver who give leadership to a committed team of people who care for people in our faith community who are in a time of need. We could use another couple or two to join us as we minister to people in our congregation. *Please see Deacon Care Report for more information.*

Marriage Retreat – We are having a Marriage Retreat on February 28, 29, March 1st. I am concerned that we continue to support and strengthen marriages in our community.

Many Volunteers!

As I look around Mt. Olive, I see many people who volunteer their time and energy to make things happen at Mt. Olive. A BIG THANK YOU to all of you! No matter what your role is, big or small – you are an essential part of what God is doing in Three Hills and around the world!

Thanks again for the opportunity to serve you and the community at large. May God receive the glory as we strive to follow Him in what He has called each of us to be involved in!

Murray Horton - Community Life Pastor

YOUTH PASTOR

2019 was a really full year for the youth ministry here at Mount Olive. There were a lot of things to celebrate. Here are a few highlights:

Taco Tuesday. We ran 10 of these last year and though we don't take attendance I would estimate we averaged around 130-140 kids every time.

Youth Missions. I got to take a team of 7 youth to Big River Bible Camp in Northern Saskatchewan in the summer to minister to First Nations children. It was amazing.

PCA Chapels. I get to be a part of PCA split chapels and speak to a group of boys once a month.

Coaching. I've been coaching Jr. Boys Basketball at Three Hills School again and it has been great, as I've met tons of kids I didn't know!

Leaders. We lost almost all of our volunteer leaders last year (most moved away) but God has provided a great new group! I have 12 amazing small group leaders and a couple extras that have been helping in other ways.

Growth! This fall we saw our youth numbers increase dramatically and had two events with over 90 students (91 & 102)! Our Jr. High meets on Wednesdays and has been averaging 52 kids a night!

Thank you to everyone who faithfully prays for the youth in this town and also for my leaders, my family and me. You are making so much more of a difference than you likely realize. Please continue to pray for us or consider it if you don't. Pray that we can effectively reach the youth in this community that don't yet know Jesus and that we can help those who do plant deep roots that will make them devoted followers for life. Praise God for all that He is doing!

Respectfully,

Kenton Barkman

WORSHIP & ADDICTION/RECOVERY PASTOR

It has truly been a blessing to work alongside so many gifted and committed people over this past year. As most of you know my role as Worship Pastor includes overseeing Worship Leaders and their teams, Audio and Visual as well as Hosts (Ushers, Greeters, Information Desk and Service Hosts).

Here are the areas that we have addressed in 2019:

We relocated the Sound Booth – This change has provided additional seating in our sanctuary as well as allowed our audio, visual and lighting people to be in one area. This was a tremendous amount of work and could not have been done without the help of Ron Shaw. We now have upgraded cables to all our projectors including the chapel.

Larger stage – This has been a goal for several years now and with the reno project it gave us the opportunity to get it done. Along with expanding the stage we (Ron Shaw) also installed new stage boxes.

Lighting – Spotlights were installed so we have better visibility for those on the stage.

Video – We are now able to video our Sunday Morning Services and make them available on our website.

Worship Teams – Skye Williams has been part of the Kenton's Youth Team for several years and is now leading her own team! This gives us 4 leaders that rotate through the month and we are very blessed to have so many quality musicians and vocalists in our church.

Goals for 2020:

Acoustical treatment for the sanctuary – this has been a long time coming but, now that our sanctuary is painted, we will get started on this shortly. This will include upper back wall, upper side walls and backstage wall.

Stage improvements – this will include improving the sound quality of our drums, adding monitor channels and carpeting.

We will continue to improve our streaming capabilities with the addition of a new computer as well as camera.

Training – Now that the bulk of our reno's are complete we can focus more on training within all areas including Hosts, A/V and Worship Teams.

Thanks to everyone for your faithful service each week! We truly are blessed!

Wayne Nelson
Worship Pastor

WORSHIP & ADDICTION/RECOVERY , CONT'D

I was recently at a Pastor's Luncheon in Calgary. When I shared with them that my role at our church was Recovery Pastor, everyone of them said, "I wish we had one of those". The question I often get here at home is, "are there really that many addicts in Three Hills"? Our church and community are full of broken people with broken families and I am truly grateful to be part of a church that recognizes this.

This past year has really been a learning one for me. I wasn't sure what to expect. Prior to joining staff in August of 2018, I was part of Conquer Series (a program for men struggling with sexual purity) but that was mostly the extent of my ministry in this area. I had a passion to serve but, would our community embrace the idea that the Church can be a safe place for healing?

Here are a few highlights from 2019:

Conquer Series – this program has been offered twice a year (September and January) for the past 4 years at Mt Olive. We generally have 8 – 12 new men each series. I also lead a series for a group of Collage guys each spring as well as high school age one on one. This is a 10-week program, but we continue to meet throughout the year for ongoing support and accountability.

Genesis Process – This is a one on one program for men and women caught up in drug/alcohol addictions. It is a 20-week relapse prevention program that I am currently working through with several people.

Detox/Rehab – Over the past year we have seen God expand our recovery ministry into our community. This generally involves a 5-10 day detox program (Renfrew Detox in Calgary) and then a long-term rehab program. We are blessed to have developed a great partnership with the Calgary Dream Centre and have seen several men enter into their 7-week program.

Messy and unpredictable – It's difficult to fit broken people into a nice, convenient schedule. It may be phone calls at all hours of the night, trips to emergency rooms, a 6:00 AM drive to a detox centre or a relapse after 7 weeks in a rehab program.

Our community is beginning to recognize Mt Olive as a safe place. I have had many calls from folks within our community (and outside) asking how they can help their addicted husband, wife, son, daughter, grand daughter or friend. That is very cool! We are receiving calls from other churches who are hearing about what God is doing at Mt Olive and what help in developing their own recovery ministry.

Counselling – we are blessed to have Tim Schellenberg working under KARN as an extension of our church. Tim is working on a master's degree in Addiction Counselling and has been a tremendous support in this area.

I have had several opportunities to share with other churches as to how they can be more effective in the area of addiction/recovery.

RECOVERY MINISTRIES, CONT'D

Vision for 2020:

Discipleship – That's what this ministry is! It's one person walking along side another. It can be messy and inconvenient but it's what Jesus called us to do. We need people that are willing to be trained and then step into the blessing of seeing lives transformed into the likeness of Jesus.

Freedom Session is a great ministry and has been a wonderful way to transition our church community through a process of healing and into a deeper relationship with God. We would also love to start another program called Celebrate Recovery. This program is more geared to the unchurched and is a great way to help people with hurts, habits and hang-ups. It would require a large volunteer base and it would be awesome if we could partner with other churches to spread out the load.

Having Tim Schellenberg as part of our team has helped us realize how important professional counselling is to this work. Having both a male and female addictions councillor as well as someone to work with families as part of our church staff would be very valuable. I believe this could also be done in partnership with other churches.

We would also like to broaden our reach into the community. Right now, the barrier to growth is just a lack of support people. Training and awareness will be a significant part of our plans for 2020.

We are seeing people find victory from their addictions and harmful behaviors. Individuals and families are finding true hope in Jesus and our community is recognizing that the Church is a place where people will find healing. Thank you so much for your support and prayers.

Wayne Nelson
Recovery Pastor

KID MOUNTAIN MINISTRIES

2019 was a year of excitement in ministry with our kids.

We continued to have a number of kids to our Flex Friday Fun Days from January to June. Which has been a huge outreach opportunity for us.

“In The Wild”, this year’s VBS, ran close to capacity and thank you to all the volunteers! This could not have happened without the many hours you invested into VBS.

A program that has caught the attention of the community, is our summer camps which we ran again. A good percentage of kids enrolled in our camps program, were from non-church homes, making this a great outreach ministry for Mt. Olive.

In the past, our Sunday morning KidMountain Church has pushed the 100 in attendance But in the fall, we have experienced some growth and have been over the 100 person mark consistently.

In November 2019 we said “Good-bye” to Ang, our Children’s Ministries Director for nearly 9 years, as she headed off to Olds to begin a new career in farming. Fortunately, the farm came with a husband! Nice work Ang!!

We are currently in the process of looking to hire a new Children’s Ministries Director. We hope this position can be filled soon, but these situations can be fluid.

We are very thankful for ALL the volunteers that have stepped in to help run Kid Ministries and taken over the leadership holes that Ang left. A few people who have stepped into these leadership roles are Mary-Ann Bergen and Allie Smyth with Jericho Squad, Kristina Braim with overseeing our staffing and volunteer teachers, and many of you who have stepped up in other significant ways. Thank you! Thank you! Thank you!

Submitted by the Office on behalf KMM

ELDER OF MISSIONS

Missions Committee Members:

Josh & Michelle Wiley, Rob & Debbie MacDonald, Denise Lockhart, Maureen Horton, Ron Shaw and Darryl Elliott.

Global Focus Sunday – October 20, 2019:

We were able to have Rod Black come and speak to us using the theme “You Have The Words”. The Global Focus message was from John 6:48. On Sunday evening Rod taught us about the tools we need to lead a Bible study. We also enjoyed an international potluck Sunday evening. The Global Focus project goal was to raise

\$12, 000 for the Thiessens to help them purchase a new vehicle and dig a new well. We raised a total of \$17746.26! Praise the Lord!

Sunday Presentations:

A yearlong rotation list of global workers was promoted with prayer and support through focus points in the bulletin. Again this year we had video clips from our supported global workers. We plan to keep going with these video clips once a month as they have been well received and are helpful to keep the congregation informed about the ministry of our global workers.

Short Term Trips:

The missions committee was excited to partner with several people embarking on short-term trips this last year. We will continue supporting adult short-term trips from our church to encourage our global workers, with the next trip being planned for 2021. In 2020 the youth will be doing a trip.

A group from Mt. Olive went to help out the Thiessens in North Asia this past July. It was a huge blessing to them! Janna Platt went with Power to Change to East Asia.

MISSIONS...CONT'D

Global Workers:

This past November we had Roxy Thiessen for a visit. She brought with her Bujin, who is the Director of Abundant Roots.

Carl & Emmie returned from Central Asia for home assignment and are living in Three Hills.

The Penners returned from Mexico but will be making short trips back and forth.

The Derksens are living back here in Three Hills. Dallas is working at the Aviation School at Prairie College.

The Leos came on as supported Global Workers this year. They are with One Hope Canada doing fulltime camp ministry at Stoney Lake Bible Camp in Saskatchewan.

The Millers were here for the month of June.

Ron Shaw and Andrew Fletcher have been working on a link on the website for our Global Workers.

Offering envelopes:

Mount Olive financially and prayerfully supports 14 family units monthly. We also support 3 other global worker groups with prayers as well as gifts from time to time.

We would like to thank the church congregation for their support in envelope giving this past year. All the needs in the Missions Committee budget were met. Please remember that our supported global workers depend on us to give specifically on the offering line both for missions and the General Fund. Our global workers continue to thank the church for support both in finances and prayers.

Darryl Elliott

ELDER OF FACILITIES

Greetings from the Elder of Facility

This past year we saw a lot of changes cosmetically with the main floor of the church building as I'm sure all have noticed. These changes were long overdue and have modernized and brightened up the interior of the building. It is mostly completed but there are a few things that need to be finished up. The main thing left to do is to finish the main floor bathrooms which need painting, tile installation and some other finishing touches. There were a number of volunteers who spent many hours in this project and I would like to thank them for their service.

There is a lot of the upstairs that should be scheduled for an update as well now that we have two pastor offices on the second floor as well as an office used by KARN. There is currently no action plan in place for that, however.

A more pressing issue is dealing with a number of windows that should be replaced as well as well as the stucco. All the windows in the foyer should be replaced as well as most of the upstairs windows on the south side. In order for this to be completed in 2020 a plan needs to be set in place soon. An initial rough estimate came in at around \$200,000. We have used up the extra funds we had for the interior so a fund-raising project would be needed to pay for this.

We are now changing over to a new structure where there will no longer be an Elder of Facility. There will be Chair of facility which will look more like a small committee that will be responsible for the maintenance of the facility as well as future development. This committee will then report to a staff member and ultimately to the Elder's board.

In Christ
Greg Bauer

DEACON CARE TEAM

The past year was a time of re-evaluation and re-building for the Deacons' ministry here at Mount Olive. Up until May of last year, we had been operating as a three couple team, attempting to meet the needs of a growing church community. Our focus was visitation to members who were sick (at home or in the hospital), ones who had undergone surgery or medical procedures, and ones who were grieving. This along with preparation and clean-up for Communion and Baptism kept us very busy. We felt there were many areas that we felt we should be doing more. There was an obvious need for an expanded team with a clearer understanding of its responsibilities and a plan for how they could be achieved.

Though we can't say that we have "arrived", there is a sense that we have come a long way in working towards reaching out in meaningful ways to meet the numerous needs within our church family. We changed our name to the Deacon Care Team (DCT), which reflects more accurately the ministry we have at Mount Olive EFC. Along with the pastoral team we reviewed and edited the job description to bring it up to date with where our church is now, and the direction the leadership wants to see it go.

We are now a team of 7 couples who are responsible to Pastor Murray Horton.

Roger & Beverley McIver – Heads of DCT
Gary & Karen Weigum
Robert & Debbie MacDonald
Henry & Linda Brinks
Dwayne & Sheryl Haller
Will & Molly Andries
Chris & Shelly Griesbach

We are working together to find ways to minister to the needs of each 'family' unit within our church. One huge need was for us as a church family to get to know each other on a deeper level by developing relationships with those that we see at church functions. The tool that was put together for this purpose, under the leadership of Sheryl Haller and Beverley McIver, is our Church Directory. We presently have over 220 family units registered in our church directory. There are many attending that are not yet in our directory. We trust that you are finding it useful as you see people at church. You can reach out with confidence since you are able to now connect names to faces. The nature of our Directory makes future additions easy, so we encourage you to invite newcomers to get their information to us once they have decided to make Mt Olive their church home.

A major responsibility we have as the DCT is for visitation, but we can only visit if we know of the need. If you are sick, going into hospital, distressed or discouraged, and would like someone on our team to pray with you and offer friendship and encouragement, please contact the office and indicate that. They will advise us so we can call you and make arrangements for a visit. We also visit those who have lost loved ones. We bring a bouquet on behalf of the church, or there is the option to receive a flowering shrub in the spring to plant in honour of the deceased loved one. In January we met as a team for a training session on visitation of the sick and bereaved. We will continue to look for ways to learn and grow in our ability to help others.

We are involved in prayer for, and connection with, the church family on an individual basis. We desire that God use our words and actions, to encourage those that come thru our doors to become devoted followers of Jesus! Please pray for this ministry. If you are interested in being part of our team, please let us know.

Sincerely,
Roger & Beverley McIver

ELDER OF FINANCE

The stability of our financial state is one of many blessings that God has granted us at Mount Olive. This past year has seen a remarkable steadiness and consistency in giving patterns that have allowed us to increase and sustain ministry without bringing undue attention to financial matters. This is a great blessing that allows leaders to focus on other ministry concerns. Bless God!

I am very thankful for the ongoing service of Sherryl Weigum in balancing secretarial and booking keeping duties. She is to be commended for her cheerful attitude and willingness to change! This past year, we continued the fine tuning of the fund accounting bookkeeping model and added several more complex functions related to electronic giving and project funds.

We are thankful for the capable expertise of Karen Koop who has provided major assistance and consultation. The functions of financial accountability involve the assistance of Karen Weigum, Herman Martens, and many offering stewards who throughout the year assist in maintaining our fiscal integrity. Once again, Dave Bergen has voluntarily given of his time in reviewing the church books and accounts. A big thank you to all!

Bless the Lord for His faithfulness shown through you, the congregation, in rising to the challenge of meeting our commitments for 2019. May we continue to consider how we may cultivate through our finances a harvest of love and good deeds to the glory of God.

...the lighter side...

Father O'Malley answers the phone.

"Hello, is this Father O'Malley?"

"It is"

"This is the IRS. Can you help us?"

"I can"

"Do you know a Ted Houlihan?"

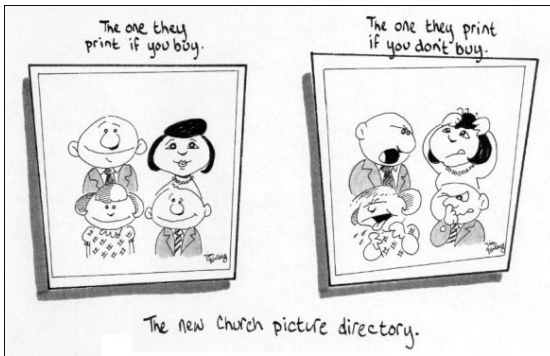

"I do"

"Is he a member of your congregation?"

"He is"

"Did he donate \$10,000 to the church?"

"He will".
